Athletics Teacher Permission Slip Start of Season Check

If you are planning on being involved in athletics at Kensington Woods, you must demonstrate success in your classes and have your teacher's approval.

Please note, this form should be completed **before** practice starts. Teachers who do not give automatic approval can set conditions that you must meet to participate. You also may be asked to complete a Teacher Permission Slip weekly. Your parents must also sign this permission slip so they are aware of the academic conditions of your participation. If you will be missing class due to the sport, it is your responsibility to gather any missing work **in advance**.
